

## Open door with key tag

Before you start, request your administrator to:

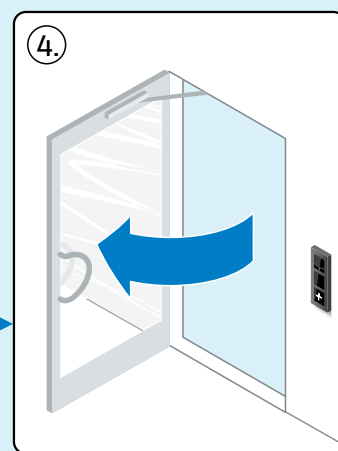

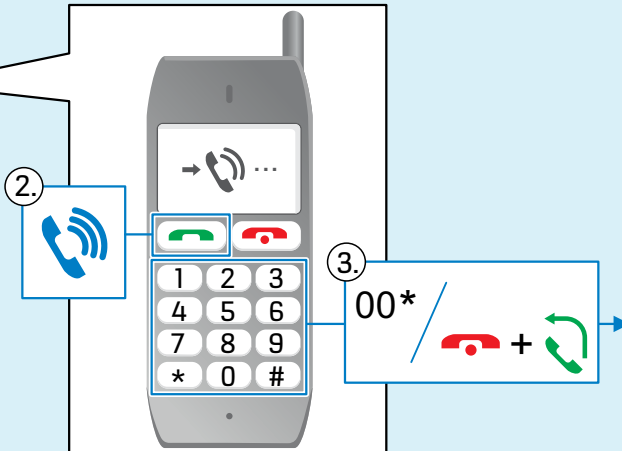

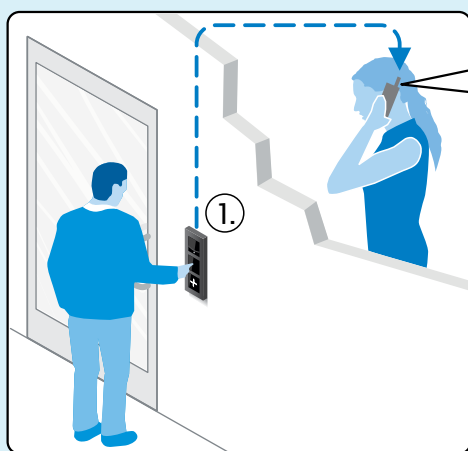

- Activate your key tag
- Add your phone number to intercom

## Open main door for visitor during audio call

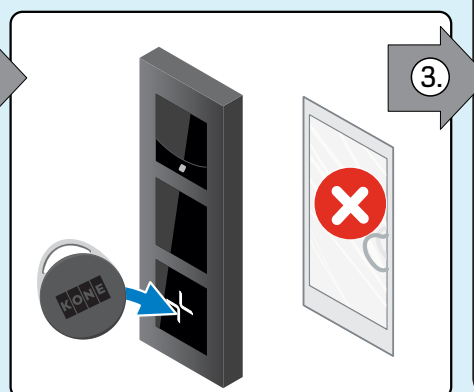

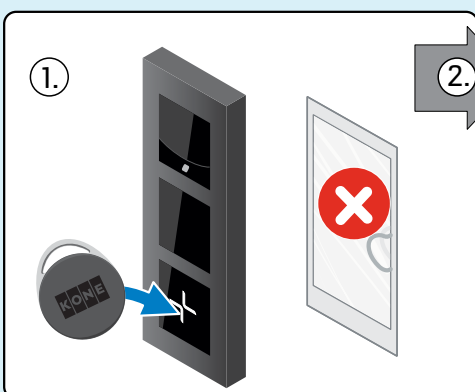

Audio calls from the intercom are normal phone calls. Enter **00\*** with your phone's keypad to open the main door, or alternatively call back the intercom phone number.

Note: Save the intercom number to your phone's contacts.

## Troubleshooting

If your access is denied, try again. If your access is denied several times, check with your administrator.
